

Jolley Acres HealthCare Center

WEEKLY UPDATE

July 8, 2020

Dear Residents and Families/Representatives,

We hope everyone had a fun and safe July 4th weekend! Over the holiday, and always, our staff is working hard to prevent the spread of COVID-19 in our facility. As of today, we have one (1) positive resident in our facility. She is recovering well on our isolation unit. We have two (2) positive in the hospital that are doing well and will be returning to our isolation unit to continue their recovery. We have one staff member who tested positive still out under quarantine but will return soon. We have tested 4 additional residents and are awaiting those results. We have no further testing planned at this time.

We continue to follow our federal, state and local health officials' recommendations and guidance for all appropriate precautions and preventative measures that we have reported to you on our website and previous weekly updates.

With the growing number of COVID-19 cases in certain areas of the country, it is also important to remember what you can do to help prevent community spread of the virus. You should wash your hands often with soap and water for at least 20 seconds, avoid close contact with people who are sick and people who don't live in your household by maintaining six feet of distance between you and them, cover your mouth and nose with a cloth face cover when around others, cover coughs and sneezes using the inside of your elbow and immediately wash your hands with soap and water for at least 20 seconds, and clean and disinfect frequently touched surfaces daily.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 803 534-1001

Sincerely,

Linda Blankenship
